

## A Clear Advantage

**Our new fiberglass mesh screen offers 50% more visibility than standard fiberglass screening at no extra cost to you**

- Allows up to 50% more natural light and dramatically improves airflow
- Fiberglass is a finer gauge, the average weight of the product is 30% lower than industry standard
- Practically undetectable from exterior which enhances the curb appeal of the home or office
- Easy to clean with mild detergent and soft bristle brush or sponge and rinse with gentle spray of water
